

To whom it may concern

Isnes, June 04, 2026

**Concerns : Extension of the expiry date of the biocontrol product Fytosave
(Approval number in Slovenia: U34330-65/2021/10 z dne 25.3.2022)**

We, FytoFend S.A., as sole manufacturer of the active substance COS-OGA and as sole formulator of the biocontrol product **Fytosave** (Approval Number in Slovenia: U34330-65/2021/10 z dne 25.3.2022), hereby confirm that batch:

- 240524 with expiry date of May 2026

of said product will still retain all its physicochemical and biological characteristics until at least the 31st of October 2026.

Tests carried out in our research laboratory on this batch are unequivocal. The product can be used as described on the label without loss of efficacy or the appearance of risks to the treated crop, the environment or the applicator until the above specified date.
